

## TOGETHER EDUCATING AND ADVOCATING COMMUNITY HEALTH

### *Spring 2021 Intern Application*

---

#### **Application Instructions:**

Please fill out the following intern volunteer application, save it as a **PDF document**, and email it to [applyteach@gmail.com](mailto:applyteach@gmail.com) with the subject line **[Your Name, Spring 2021 Application]** by **Saturday, April 17th at 11:59 PM**. Late applications will not be accepted, under any circumstances. Again, **please make sure that it is sent as a PDF document**.

Check the FAQ section of our site at [www.teachatucla.com](http://www.teachatucla.com) for more information. If your question is not answered, please feel free to email us at [applyteach@gmail.com](mailto:applyteach@gmail.com).

If your application has been correctly submitted and all attachments received, an email confirming your submission will be sent in response by **Monday, April 19th**. **Further communications regarding your application will be sent to the email you provide, so please ensure that it is an email you check regularly.**

Applicants chosen for an interview will be notified by **Friday, April 23rd** to sign up for an interview (unless otherwise specified). Interviews will take place **Monday, April 26th – Friday, May 7th**. Final notifications regarding your application and decision will be sent late Week 8. If you do not receive any notification regarding a final decision by **Tuesday, May 21st**, please email us.

**Personal Statements:**

- 1. There are many ways to give back to the community, why do you specifically want to work with at-risk students? In your response, be sure to clearly define what at-risk means to you. [200 words max]**
- 2. Describe a time when you experienced failure and what did you learn from it? How can this lesson help you in your role as a TEACH intern? [200 words max]**
- 3. Because of the ongoing pandemic, TEACH may continue through the rest of the year virtually. What are some challenges that you have faced in the virtual learning environment that might be applicable to younger students as well? What additional challenges might a virtual learning environment present to young students? [200 words max]**
- 4. Show us an image that represents you (upload image) and explain it. Please keep it anonymous. [50 words max]**
- 5. What topic could you give a 30-minute presentation on with absolutely no preparation? Your response does not need to be public health related and your presentation should be geared towards your peers, not children. [50 words max]**
